

Worksheet

LEARNING TECHNOLOGY NEEDS ASSESSMENT

Who does your technology need to serve?

Learning technologies are essential to your training programs. But many organizations feel that their technologies do not serve ALL their learning functions, often neglecting important functions and audiences such as operations, trainers and training managers. This worksheet will help you map your reality and identify gaps that are currently not being filled by learning technologies in your organization.

WHO SHOULD YOUR LEARNING TECHNOLOGY SERVE?	Not served	Underserved	Served
<input type="checkbox"/> Learner			
<input type="checkbox"/> Instructors			
<input type="checkbox"/> Training Operations			
<input type="checkbox"/> Clients & Partners
